

FREDERICKSBURG

Community-Based Outpatient Clinic

Veterans Health
Administration

ABOUT OUR CLINIC:

The Fredericksburg Community-Based Outpatient Clinic (CBOC) provides Veterans living in the Fredericksburg metro area access to excellent health care services. It is one of four CBOCs operated by the Richmond VA Medical Center.

Examination rooms are equipped with computer terminals that directly interface with the computer system at the Richmond VA Medical Center which places important medical information at the fingertips of the providers. In addition, if Veterans are referred to the Richmond VAMC or other VA sites of care for specialty or inpatient care, their electronic medical record from the clinic will be immediately accessible by providers there.

The Fredericksburg CBOC is open Monday through Thursday, 6:30 a.m. to 5:30 p.m., and Friday, 6:30 a.m. to 4:30 p.m. to provide basic medical care, preventive care and health education, women's healthcare, same-day mental health services, homeless outreach, and nutritional counseling to eligible Veterans.

Referral services are provided for those who require additional specialized care.

OUR COMMITMENT TO YOU:

Welcome to the Fredericksburg Community-Based Outpatient Clinic (CBOC). It is our desire to provide you with quality, timely and patient-centered care. If you have any questions or concerns regarding your health care, please do not hesitate to contact us at 540-370-4468. Thank you for your service to our country and thank you for trusting the Department of Veterans Affairs with your care.
