

Dear Ms. Patient,

You are scheduled to have a MAMMOGRAM at the McGuire VA Medical Center on the following date and time:

[Date and time field]

Please report to the Radiology front desk 10 minutes prior to your appointed time to complete paperwork.

If you cannot keep this scheduled appointment, you must call the clinic at (804.675.5000 ext. 2534) as soon as possible to reschedule your appointment. This will provide us an opportunity to schedule another veteran who is waiting for an appointment.

If you are running late, notify us at (804)675-5000, ext 3141. Late arrivals may need to be rescheduled based on availability. We will make every effort to perform your study in a timely fashion.

#### PATIENT REMINDERS

1. If you have copies of your previous mammograms from other facilities, please bring them with you. They are needed for comparison, and will enable us to report your study more quickly. If you do not have copies, please bring the name and fax number of the previous facilities where you had mammograms done.
2. Please wear a two-piece garment on the day of your appointment.
3. Please do not wear deodorant, powders, or creams as they can leave residues that can be detected on your mammograms.

Information about Mammograms and other radiology studies can be viewed at [www.radiologyinfo.org](http://www.radiologyinfo.org). This informative website was developed jointly by the Radiological Society of North America and the American College of Radiology.
